GOVERNANCE PROGRAM

IMPACT

- Now utilizing products built to prove **adherence to regulatory requirements and industry standards.** Integration of the Federal Financial Institutions Examination Council (FFIEC), Cybersecurity Assessment Tool (CAT), Gramm-Leach-Bliley Act (GLBA), and National Institute of Standards and Technology (NIST).
- Custom product integration to **expand SIEM capabilities**
- Streamlined co-management and incident monitoring

"A big benefit of the solution is that DefenseStorm set up monitoring on our behalf, giving us complete visibility. And since it's co-managed, my team can jump in and do as much monitoring and alerting as they want. It's very powerful."
