DEFENSESTORM + PURE IT +

PROFILE

- More than \$175M in assets
- Serving more than 11,000 members

CHALLENGE

Lone Star Credit Union was concerned about its ability to implement advanced technology and provide improved member services due to network problems, an antiquated system, and sluggish servers. LSCU collaborated with Pure IT to achieve productive operations and in 2020, Pure IT deployed DefenseStorm to ensure optimal levels of security through improved monitoring, detection, and prevention of cyber threats.
