

DEFENSESTORM +

PROFILE

- +300K asset range
- 4 offices
- 37 employees

CHALLENGE

The community bank needed to find a cybersecurity provider that could strengthen its ability to detect and prevent cyberattacks while simultaneously ensuring that its program reflected the latest FFIEC guidance.

SOLUTION

Threat Surveillance plus Cyber Threat Surveillance Operations (CTS Ops)

IMPACT

- Streamlined **aggregation of data**
- **Improved reporting** for the Federal Financial Institution Examination Council (FFIEC).
- Improved anomaly and threat detection
- 24/7/365 TRAC monitoring

“Before DefenseStorm, we would typically spend twenty to twenty-five hours a month reviewing and maintaining the bank’s security-related reports. Now, we spend five to ten hours a month.”
