

“With our prior company, all they were monitoring was server traffic and the firewall. DefenseStorm is monitoring the entire network.”

DefenseStorm’s team of security experts provides a more service-oriented approach that delivers actionable recommendations and insights.

Peach State Bank

DEFENSESTORM

PROFILE

- 3 offices
- +\$700M asset range
- 71 employees

CHALLENGE

The community bank sought a more efficient cyber risk management solution that could enhance visibility into the network, strengthen monitoring, and improve their alerting and reporting capabilities.

SOLUTION

THREAT SURVEILLANCE plus Cyber Threat Surveillance Operations (CTS Ops)

IMPACT

- **Comprehensive visibility** into the network
- Customized and more **accurate alerting**
- **Improved reporting** capabilities
- Streamlined **aggregation of data** for reporting
