

**DEFENSESTORM** +

## PROFILE

- More than \$950M in assets
- 9 offices
- 121 employees

## CHALLENGE

Prevail Bank was operating with a SIEM that was very restricted in its functionality, only receiving logs from a few of the bank's servers. Additionally, the bank was looking for a cyber risk management solution with greater visibility and improved monitoring for more efficient incident response.

## SOLUTION

**THREAT SURVEILLANCE** plus Cyber Threat Surveillance Operations (CTS Ops)

**GOVERNANCE PROGRAM**

Endpoint Detection and Response (**EDR**)

## IMPACT

- **Improved alerts and response time** to network anomalies
- Insightful and **substantiated information** about critical incidents
- Full integration with **24/7/365 monitoring** with the CTS Ops team

"DefenseStorm rocks. The staff is always quick to respond and resolve issues, has a deep understanding of the system, and is respectful, knowing that I'm not a SOC professional. I love that the level of customer service is off the charts compared to other providers that I've worked with."

**Michael Hostak**  
VP of Information Security  
Prevail Bank
