

"The Risk Assessment module provided by DefenseStorm's GRID Active, has facilitated a shift from qualitative to quantitative risk assessment. We now have the ability to link quantitative data to risk assessment, which we've never had before. This allows for a more accurate and evidence-based evaluation of risks."

John Lovell

Senior Security Analyst
First Financial Bank

"We're maturing across the entire enterprise, including our internal audit department. With that comes more scrutiny and greater demands, and the DefenseStorm Risk Assessment and Governance products make it easier to gather necessary information."

Cynthia Suarez

EVP CISO
First Financial Bank

DEFENSESTORM

PROFILE

- +\$14B in assets
- 1,415 employees across 83 offices

CHALLENGE

First Financial Bank faced challenges due to inconsistent risk assessments and reporting. Governance and audit preparations were scattered across multiple spreadsheets, resulting in a lack of the quantitative data necessary for effective risk evaluation. The bank sought a comprehensive solution to integrate its systems, streamline processes, and provide accurate and reliable data for governance and audits.

SOLUTION

THREAT SURVEILLANCE plus Cyber Threat Surveillance Operations (CTS Ops)

GOVERNANCE PROGRAM

RISK ASSESSMENT

FRAUD DETECTION

Endpoint Detection and Response (EDR)

IMPACT

- **Enhanced reporting** with in-depth analysis and data
- Improved governance with **integrated task schedules**
- **Quantitative data** for accurate and evidence-based evaluations
- Centralized evidence for efficient data collection to **streamline reporting & audit preparation**
